Optimized logistics dedicated to our customers

We research, design and produce specific products and solutions on request.

Support brackets for connectors :
OCE93-144M for D38999 series 3
OCE92-801 for Glenair series 801
OCE92-805M for Mighty Mouse Glenair series 805

Kit OCE96-190

Contact retention tools for removable contacts:
OCE8, OCE12, OCE16, OCE20, OCE22 and OCE23

Tailored kit design
(We cut the foams in house)

OCE87-2
Torque screwdriver made to measure

Socket case for clamping connectors
OCE83-30 / OCE91-113

Line card

- Crimping pliers: manual, pneumatic and battery-powered, certified according to MIL-C-22520 (counter optional)
- MIL-I-81969 insertion and extraction tools
- Positioners, jaws and retention tools
- Socket sets, tensile test benches
- Tools and cables for the Safe-T-Cable solution, Safe-T-Cable
- Development of positioners and heads according to customer requirements
- Banding tools for collars and bands
- LaceLok® cable lacing fastener system

• OCETA is the only official authorised reseller and repairer authorized by DMC in France.

Electrical Maintenance Kits

For on-board systems (aeroplanes, helicopters and defence applications)

- Complete kit : crimping tools, stripping tools, insertion tools, extraction tools and accessories
- User guides and parts lists
- Sets can be configured according to customer requirements
- Foam inserts
- DMC519 for Airbus A320/A330/A340
- Contact us at oceta@oceta.com for a complete list of DMC tool kits

For electrical terminals and Mil Aero contacts

- Crimping pliers: manual, pneumatic, hydraulic and battery-powered
- Dies, punches and accessories
- RAYCHEM infrared system for self-soldering sleeves
- Mechanical, pneumatic and servo-electrical applicators

DRV-Z1

- Greater comfort and increased productivity
- More precise hand-eye coordination
- 6x optical magnification
- 3D digital stereo system without the use of special glasses
- 4MP resolution
- 93x magnifications (x186 digital)
- Images can be captured to a USB stick

Visual inspection
3D video
Stereo microscopes
Measuring system

Swift Pro Cam / Elite

- Non-contact measurement
- High-resolution video or lens
- Fast, easy and accurate
- Measurement table 200x100 mm, 1 μ
- 20x magnification (and 10, 50, 100*)
- Exclusive M2 video software
- Controlled LED lighting

TVM35

- Measure flat, square or cylindrical components in seconds
- Use as a simple digital profile projector or a complete video measurement system

EVOCAM II

- Full HD video 1920 x 1080 in real time
- Work/check/rework 60 frames per second! No latency
- Magnifications from 0.8x to 750x
- Magnification displayed on screen
- Controls on the camera or with console (calibration or measurement)
- Integrated lighting and USB stick for capturing images

Mantis

MANTIS

- Ergonomic stereo view
- Superb imaging relief
- Work/check/rework
- Only alternative between magnifying glass and binocular lenses x2 x4 x6 x8 x10 x15 x20
- Compact model: one lens
- Elite model: two-lens turret
- EliteCam model: two lenses + HD camera

LYNX EVO

LYNX EVO

- Optional HD video for screen captures, pseudo-live imaging, measurement, reports
- Stereo microscope without eyepiece Superb 3D imaging Work/check/rework/very ergonomic
- Magnifications from 2.7x to 120x
- DRV-Z1 various stands available

- Inverted and upright microscopes
- Assembled stereo microscopes
- Stereo microscopes to be assembled
- Illuminators for stereo microscopes

AUDIT of your area

We can audit your entire ESD-protected area according to standard EN 61340 to ensure that the area is fully compliant. Just get in touch!

OCETA is the only official authorised reseller in France and the Maghreb for the repair, calibration and testing of DMC and BAND-IT products. OCETA provides after-sales service for all the tools sold by OCETA either at our laboratory or at manufacturers' repair centers.

- Regular checks and calibration of your tools at our repair center or at customers sites.
- We provide quotes
- Expertise, calibration and repair
- Tests and inspections
- We provide a certificate of conformity after each inspection and/or repair.

OCETA repairs Mil-Aero tools for over 40 years now. Contact us : sav@oceta.com

- Plastic and metal contact insertion/extraction tools: M81969/1, M81969/14, M81969/39, M15570, ACET20, etc.
- Metal clamping collars (EMI/RFI): A10089, A31189
- VIBRA-TITE™ VF3 threadlockers
- Kapton tape or dots
- 835 series brushes in all sizes
- Bands
- Nitrile gloves
